(La Rochefoucauld)

We need greater virtues to sustain good than evil fortune.  
We are often obstinate through weakness and daring through timidity.  
We have more strength than will; it is often merely for an excuse we say things are impossible.

## HEAD-ON CRASH AT HAMLET

Terrible Accident to an Excursion Train on the Seaboard Air Line. Five Killed and Scores Injured

Hamlet, N. C., July 28.—An excursion train on the Seaboard Air Line, bound from Durham, N. C., to Charlotte, rushed head-on into collision with a freight train in the yards here yesterday.

Five persons were instantly killed and the wounded number between fifty and seventy-five, many of whom are believed to be fatally injured.

The excursion train was coming into Hamlet at a considerable speed. The freight was standing on a side track to allow the passenger train to get by. It is supposed that the switch was either open or defectively locked.

The swiftly moving passenger train, with its hundreds of pleasureseekers, hurled itself against the heavy freight train.

The noise of the impact could be heard for a mile. The two big locomotives were hurled from the track into a jumbled mass of scrap iron and the light passenger coaches left the rails, piling up on one another in an awful jumble. For a brief moment there was silence, then the cries of the injured rent the air.

The work of rescue was at once begun. Tender hands removed the injured as fast as they could be gotten at, and doctors were summoned from every available source. A temporary hospital was created. It is believed that the final count will show at least ten fatalities.

## BETTER THAN NO BREAD

In Seventy Per Cent. of a Loaf—But the House Democrats May Think Differently Regarding the Wool Tariff

Washington, July 28.—The Senate wool compromise bill, offered by Senator LaFollette of Wisconsin, being a modification of his own bill and the Underwood House bill, passed the Senate yesterday afternoon by a vote of 18 to 32, through the actions of the democrats and insurgent republicans.

The measure adopted reduces the duty on raw wool to 35 per cent. ad valorem, with corresponding reduction in the duties on articles made from wool.

The compromise measure will now go back to the House, and its fate there is problematical. The President Taft has to be taken into consideration. It has been semi-officially stated from the White House on a number of occasions that the president would veto any tariff legislation on wool or cotton that might be passed prior to the report of the tariff board on these matters.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. Cheney & Co., Toledo, Ohio. Sold by druggists. 75c. Take Hall's Family Pills for constipation.
